

JOLLY JADE JAGUARS PYTHON PROJECT TEAM CONTRACT

Team Name	Jolly Jade Jaguars
Project	Python Project
Course	ISTM 601
Effective Date	August 21, 2026

1. Team Purpose

The purpose of this team is to collaborate professionally and effectively to develop a successful Python project. Team members agree to contribute actively, communicate openly, complete assigned tasks on time, and support one another throughout the project lifecycle.

2. Team Roles and Responsibilities

- Team Leader: Coordinate proposal development and ensure all sections are complete.
- Developer(s): Contribute to the design and technical specifications.
- Tester/Documenter: Compile and format the proposal document, maintain documentation, and assist with testing.

3. Means of Communication

- Discord will be used for day-to-day communication.
- Zoom will be used for team calls, virtual meetings, and collaborative work sessions.
- Email and text messages may be used for formal or urgent communication.
- Github will act as code repository and project planning.
- Outlook 365 for planning Sprint meetings and Retro.

4. Meeting Schedule

The team will meet weekly on Tuesdays at 6:30 AM Central. Additional meetings may be scheduled as needed before iterations changes, backlog adjustments, major milestones, and deadlines.

5. Meeting Medium

Zoom will serve as the primary meeting platform. Meeting links and announcements will be shared through Discord.

6. Consequences for Missing Deadlines

A missed deadline requires immediate communication with the team. A revised due date and recovery plan will be established. Repeated missed deadlines may result in reassignment of work and documentation of contribution concerns.

7. Conflict Resolution

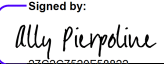

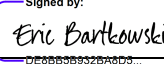

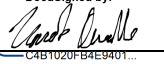

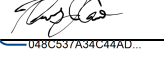

Team members will address concerns respectfully and professionally. Unresolved issues will be discussed with the Team Leader and, if necessary, escalate to the Teacher Assistant.

8. Team Expectations

Members agree to communicate respectfully, attend meetings, complete tasks on time, support teammates, maintain academic integrity, and communicate roadblocks in a timely manner.
